

STRUCTURES TO COVER AND PROTECT

Custom Designed and Built for every purpose

WE'VE GOT YOU COVERED!

XXL specialises in structures to COVER everything you need protecting... Sports Courts, Horse Arenas, Boating and RV, Machinery, Equipment, Products, Livestock, and more...

BENEFITS

of covering your assets...

Sports Courts and Arenas:

- › Protects those using them
- › Enables use during inclement weather
- › Extends the lifetime of surfaces and equipment
- › Allows 24/7 access and usage
- › Ensures skin cancer/sun protection mandates are met

Stock/Equipment/Machinery:

- › Enables all year-round use particularly during inclement weather
- › Extends the lifetime of your assets
- › Ensures the protection of your people, property and interests

WHY

choose XXL to build your cover...

Our in-house design team will provide the perfect custom design to meet all your requirements and location needs, ensuring your cover looks good and is built to last.

We'll be your single point of contact for the entire process:

- › Design
- › Engineering
- › Building approvals
- › Project Management
- › Complete Construction
- › Certification

We design to meet all wind/climate conditions and standards (inc Cyclonic).

We offer tailored sustainability options (solar and water harvesting).

We offer access to the unique Queensland designed, AU & US patented, cost saving **SMRT**® Hybrid design technology.
