

LET US HELP YOU GO FOR GOLD!

Welcome to XXL Constructions, Queensland's school sports-court cover specialists: **Protecting Our Future Athletes!**

Transforming school sports facilities into all-weather, multipurpose spaces for Queensland kids is our mission. We specialize in designing and constructing high-quality steel portal frame structures that provide exceptional cover and protection from all weathering for school sports courts. Our innovative solutions not only shield young athletes from the harsh Queensland elements but also unlock endless possibilities for sports, fitness, and recreation activities throughout the year.

Go for Gold with the Queensland Government Funding Grant Initiative!

We're proud to champion Round 2 of the "Go for Gold" initiative, a Queensland government funding grant program dedicated to enhancing sports infrastructure in schools across the state. Through this remarkable initiative, schools can access financial support to build/refurbish/develop and enhance their sports infrastructure. With grant applications closing **September 15, 2023**, XXL Constructions has the experience and expertise to assist you, from submission generation through to project completion. By partnering with us, you can leverage this grant offering to create a safe and versatile sports environment that will enable your young athletes to excel and reach for their dreams.

Trust in Our Vast Expertise as Seasoned Hard Roof Cover Providers

As a **Queensland** business with decades of experience and expertise, in designing and constructing hard roof covers, XXL Constructions is perfectly positioned to provide the support needed to capitalise on this unique funding initiative. Our team of skilled professionals understands the specific requirements of school sports court covers and will work closely with you to create the perfect solution. We pride ourselves on delivering exceptional craftsmanship and use only the highest quality Australian Standard compliant materials to ensure the longevity and durability of our roof covers. When you choose XXL Constructions, you can trust that you are partnering with a reliable and experienced provider.

Benefits of a Hard Court Cover:

- 1** **Weather Protection:** The unpredictable Queensland climate can wreak havoc on outdoor sports activities and facilities. Our steel portal frame covers offer reliable protection from rain, wind, and extreme heat, allowing sports to continue regardless of weather conditions. By eliminating cancellations due to inclement weather, schools can ensure uninterrupted training and competitions for their aspiring athletes.
- 2** **Sun Safety:** Queensland's strong sunlight poses significant health risks, particularly for our kids. Our covers are designed to provide ample shade, reducing the risk of sunburn and heat-related illnesses. By creating shaded sports areas, schools can prioritize the well-being of their students while promoting a culture of sun safety.
- 3** **Versatility:** With our covers, school sports courts can be transformed into multipurpose spaces. From basketball and netball to tennis and soccer, the possibilities are endless. The flexibility of our structures allows for a wide range of sports and recreational activities, maximizing the utility of existing facilities.
- 4** **Extended Playing Hours:** By providing shelter from the elements, our court covers enable schools to extend playing hours well into the evening. This extended access to sports facilities allows students to engage in physical activities beyond regular school hours, promoting healthy lifestyles and fostering a strong sense of community engagement.
- 5** **Long-Term Investment:** Our steel portal frame covers are built to last. Constructed with durable materials and expert craftsmanship, they offer exceptional longevity and require minimal maintenance. Investing in our covers ensures that your school's sports facilities remain functional, safe, and visually appealing for years to come.

Partner with Us for a Bright Sporting Future.

At XXL Constructions, we are passionate about creating custom designed and site specific sports environments that inspire and nurture the next generation of athletes. Our expertise, combined with the support of the "Go for Gold" Queensland government initiative, makes it easier than ever for schools to upgrade their sporting facilities.
